From an initial business idea to a strong brand – welcome to the history behind exclusive beauty products that have won the hearts of thousands.

Twenty five years of experience, combined with audacity and product excellence, hold the key to our international success: a new brand made in the EU in response to the dynamic growth of the sales and manufacturing sector.

Quality above all.

Our success rests on two pillars: business partnership and product excellence. Our priority is to deliver top-quality cosmetics to meet the needs and demands all customers. We are committed to the best environmental practices and constantly enhance the quality of our products.

Stable growth and dynamic expansion.

Simple in theory, the business concept took two years to prosper. Every product was subject to an objective assessment process and meticulously developed to ensure top quality. Trials conducted with several hundred people under the watchful eye of independent experts allowed us to create a range of perfumes guaranteed to satisfy even the most discerning customers. It wasn’t before we had made sure our products met the most exacting quality standards that Livioon was started.

Right from the get-go, our sales results reflected what our customers had known all along: that excellent quality can easily go hand in hand with affordable price. Livioon has managed to maintain a stable and steady growth and continues to attract new Partners. What else could we hope for?

Perhaps a further expansion into European markets and beyond, because good products need to be shared with others. It won’t be long before new countries get the chance to discover the smell of success with Livioon!

STEP 1

INTRODUCTORY PHASE

To enter the Livioon sales network you have to register, sign a consultant contract and purchase a Starter Kit. After registration, make your first order as a member.

The consultant has the opportunity to choose one of the available Starter Kits. Starter Kit with starter is a valuable tool in building your own business. Each distributor presents the company’s offer.

The Starter Kit plus the first order is a step towards financial independence. The Starter Kits are described on page 42.
STEP 2
BECOME YOUR OWN FIRST CUSTOMER

Become your own first customer and save money on every purchase: distributors are eligible to buy Livioon products at attractive prices.

Livioon Commission Plan

AN EXAMPLE
Catalogue price: 22,30 EUR
You pay: 15,90 EUR
You save: 6,40 EUR
STEP 3
KEEP SELLING AND EARN MONEY ON YOUR MARGIN

It is now time to share the appreciation of our products with your friends and acquaintances. The margin you earn on every product is your own profit.

AN EXAMPLE

You sell a bottle of perfume to three customers for 22.30 EUR

Catalogue price: 22.30 EUR
You pay: 15.90 EUR

Your profit: a margin of 6.40 EUR x 3 customers = 19.20 EUR
STEP 4
BECOME A LEADING DISTRIBUTOR!

Once you have shared your appreciation for Livioon products with your friends and acquaintances and made a good profit on initial sales, it is time to build your own sales structure. It is much easier than you think. We will use a handful of examples to explain the process on the next several pages.

To be effective and bring a steady profit, your sales structure must be built correctly.
THE FIRST PART OF THE MARKETING PLAN

The plan is divided into three parts. At first, your commission is calculated based on the difference between your own discount threshold and the threshold of the distributor you have directly sponsored. The difference is then multiplied by the total sales turnover of the latter. We will use a handful of examples to show you how this works on the next several pages.
Livioon Commission Plan

EXAMPLE SUPERVISOR ON THE 7% LEVEL

Let us assume your team has achieved a total sales turnover equivalent to 2,900 points. This means you have become eligible for the rank of Supervisor at the 7% level.

Your commission is now calculated as follows:
The baseline is the difference between your discount threshold and the threshold of the distributor you have directly sponsored. The value is then multiplied by the total number of points earned by the given group.

AN EXAMPLE

Your commission from Lena’s group: 880 pts x 3% x 0.25 = 6.60 EUR
Your commission from Dawid's group: 780 pts x 3% x 0.25 = 5.93 EUR
Your commission from Paul’s group: 360 pts x 7% x 0.25 = 5.20 EUR
Your commission from Martin’s group: 670 pts x 3% x 0.25 = 5.02 EUR
Your commission from Anna’s group: 100 pts x 7% x 0.25 = 1.75 EUR
Your commission from your own purchases: 300 pts x 7% x 0.25 = 5.25 EUR

In total, your sales structure gives you a profit of 27.35 EUR
Livioon Comission Plan

EXAMPLE
JUNIOR MANAGER
AT THE 19% LEVEL

Let us assume your team has achieved a total sales turnover equivalent to 20,000 points. This means you have become eligible for the rank of Junior Manager at the 19% level.

Your commission is now calculated as follows:
The baseline is the difference between your discount threshold and the threshold of the distributor you have directly sponsored. The value is then multiplied by the total number of points earned by the given group.

Your commission from Lena’s group:
6,350 pts x 9% x 0.25 = 142.87 EUR

Your commission from Dawid’s group:
2,800 pts x 12% x 0.25 = 84.00 EUR

Your commission from Paul’s group:
850 pts x 15% x 0.25 = 31.87 EUR

Your commission from Martin’s group:
4,800 pts x 9% x 0.25 = 108.00 EUR

Your commission from Anna’s group:
4,900 pts x 9% x 0.25 = 110.25 EUR

Your commission from your own purchases:
300 pts x 19% x 0.25 = 14.25

In total, your sales structure gives you a profit of 491.24 EUR
AN EXAMPLE
MANAGER
AT THE
22% LEVEL

Let us assume your team has achieved a total sales turnover equivalent to 27,300 points. This means you have become eligible for the rank of Manager at the 22% level.

Your commission is now calculated as follows:
The baseline is the difference between your discount threshold and the threshold of the distributor you have directly sponsored. This value is then multiplied by the total number of points earned by the given group.

In total, your sales structure gives you a profit of 714.00 EUR
Livioon Commission Plan
